“Blue Biotechnology: REBECA Project - Gold Sponsor at AlgaeEurope 2021”

The organizers of AlgaeEurope 2021 are pleased to present you their newest Gold Sponsor REBECA Project. REBECA Project is sponsor of AlgaeEurope 2021 which will be held online from 7th to 10th December 2021.

The REBECA Project is a platform aimed to promote Blue Biotechnology within the Macaronesian region.

REBECA brings together culture collections, R&D centers and the Administration with the mission of conserving and enhancing Biodiversity and serving as an embryo for the development and implementation of an innovative industry based on the cultivation of microalgae and cyanobacteria. Among Rebeca´s partners there are: The Economic Development Agency of Gran Canaria (SPEGC) a local institution aimed to promote the economic diversification, development and expansion in the island.

And The Spanish Bank of Algae (BEA) an R&D infrastructure with capacities for the isolation, characterization, conservation, supply and development of cultivation techniques and applications of microalgae and cyanobacteria.

Find out more about REBECA Project on their website www.proyectorebeca.eu/.

Participate at AlgaeEurope 2021 and meet our Gold Sponsor REBECA Project.
