Gas detector in compact format

GasStick - USB gas detector
- **Warns of propane/butane gas (LPG) & narcotic gases**
- **Easy installation via USB port in vehicle**
- **Very low power consumption: Standby: 20 mA / Alarm: 22 mA**

Extra-compact USB gas stick. Reliably warns of propane, butane gas (LPG) & anesthetic gas thanks to extremely high-quality & small MEMS technology (Micro-Electro-Mechanical Systems). W/ device status LED. 70 dB loud acoustic warning signal. Thanks to its minimalist design, suitable for most power sources w/ a USB connection. Insensitive to temperature fluctuations & humidity.
Dims.: LxWxH app. 7.7 x 28 x 10 mm.

GasCubeTwin

Reliably warns of propane/butane gas (LPG) & anesthetic gases. Connection options for 2 optional additional sensors. They detect gas concentration in the air just as effectively as main sensor & offer additional safety in case of rising & falling gases. Cable length: 2.7 m. There are 3 possible combinations of additional sensors:
1. 2x sensor for detection of CO gas (carbon monoxide)
2. 2x sensor for detection of LPG gas/narcotic gas
3. 1x Sensor CO gas + 1x sensor LPG gas/ Anesthetic gas Color: Matt anthracite

GEMINI

CAN bus radio alarm systemfor Volkswagen Transporter 6.1/6, Fiat Ducato, Volkswagen Crafter/MAN TGE

- Easy installation through vehicle-specific basic alarm kits
- No complex cabling required thanks to wireless sensors
- Combine optional wireless sensors, up to 55 sensors can be connected

The basic alarm kits are optimally matched to respective vehicle type. Combine basic alarm kit with up to 55 wireless alarm sensors as required. Sensors send permanent radio signal to CAN bus adapter and thus ensure constant vehicle monitoring. Operate the alarm system with remote control of your original vehicle key or via the

optionally available radio remote control. Secure windows, doors and storage flaps of your motorhome or camper with the optional wireless alarm sensors.

Download assembly instructions here

THITRONIK

WiPro easy - wireless alarm systemfor caravan owners & self-builders

• Easy installation with proven Thitronik safety standard
• Radio magnetic contact included (1 piece)
• Expandable by up to 8 radio components
• Operation via radio remote control & NFC module
• Audible warning with 105 dB volume

The 12V alarm system is easy to install & offers proven THITRONIK® security standard. With included wireless handheld transmitter, alarm system can be armed/disarmed & panic alarm can be triggered. Wireless magnetic contact is included in scope of delivery. Siren w/ 105 dB volume & panic alarm function. System can be expanded by up to 8 add. wireless components, incl. new NFC module (see pg. 408). Scope of delivery: WiPro easy control panel, radio hand-held transmitter 868 (loud/silent), Radio magnetic contact 868 black, siren, status LED, connection cable, quick guide, installation material, warning sticker. Technical data: Power supply: 12 Volt, current consumption: 6mA, alarm sound: 105 dB, temp. range: -20 °C - +80 °C (central unit), dim.: 55 x 28 x 56mm (W x H x D), weight: 177g   **470911   326,–**

Ideal for Caravan owner and self builders

Networking module for WiPro III

• Controlling the WiPro III via Bluetooth®
• Control central locking via smartwatch/mobile (only in conjunction with WiPro III safe.lock)
• Easy add 3.0: Subsequent pairing of wireless accessories via app

Module couples mobile w/ WiPro III alarm system via app and Bluetooth in vicinity of motorhome, authorized user can conveniently arm or disarm system at any time. With a WiPro III safe.lock, which also accesses the existing central locking system, vehicle can be opened & closed w/o vehicle key or hand-held transmitter. Networking module can also be integrated if Pro-finder locating system is already installed.

Technical data:
Nominal voltage: 12/24 V, BLUETOOTH® 5.0 low energy, temp. range: -20 °C - +80 °C, radio range (free field): app. 10 m Operating voltage: 12/24 V, dim.: (WxHxD) 52 x 25 x 56 mm, weight: 72 g.

Thitronik G.A.S.-pro III - CI bus capable

REISE MOBIL INTERNATIONAL Testsieger 5/2020 ★★★★★

The G.A.S.-pro III is a modular gas warning system for permanent installation in your vehicle & reliably warns you of gas poisoning & narcotic gas attacks, w/ integrated siren & radio unit.
The G.A.S.-pro III is available in two basic setups: w/ integrated liquid gas/stun gas sensor or w/ integrated CO sensor. Both variants can be combined with an additional gas or CO sensor. Internal siren sounds at a piercing 94 dB, and an integrated humidity sensor optimizes the already precise measurement in the event of high humidity in vehicle or breathing air in direct vicinity of sensor. Precise temperature adjustment is mandatory. In addition, an alcohol filter function eliminates false alarms caused by alcohol in air. Thanks to integrated radio unit, the G.A.S.-pro III communicates w/ the WiPro III alarm system without additional wiring.

Technical data:
Power supply: 12/24 volts, current consumption: 9 mA (CO)/26 mA (liquid/CO gas), sensor inputs: 1 internal, 1 external, sensitivity: 50 ppm (CO) 700/1400 ppm (butane), sound pressure: 94 db (internal siren), temp. range: -20°C - +60 °C, dim.: (W x H x D): 61 x 97 x 35 mm, weight: 74 g.

G.A.S.-pro III - CO(carbon monoxide)	80256	305,--
Co-sensor	80223	108,--
Additional sensor	80257	70,90
Auxiliary siren	80222	42,60

GAS ALARM P100

• **Type tested for motorhomes, caravans & dwellings**
• **With sensor for liquid gas (butane/propane) & town gas/natural gas (methane)**
• **Immediately warns of gas leakage, long before dangerous gas concentration in air is formed**
• **Loud alarm sound and red alarm light**
• **Green operation indicator & self-test function**
• **Easy mounting (wall mounting)**
• **Operation at 230 volts with additional power supply unit (acc.)**

P100, w/ switching output 12 V DC, which can be used to activate additional devices such as fans, alarm system, GSM module & other signal transmitters

751411	109,–

Response thresholds:

Methane (town gas/natural gas) 0.4000 vol
Butane (liquefied gas) 0.2050 % by volume
Propane (liquefied gas) 0.2400 Vol. %
Technical data:
Operating voltage: 12 V DC (-10% / +20%)
Current consumption: max. 250 mA
Alarm volume: 85 dB (A) / 1 m
Dimensions: 60 x 90 x 31 mm (W x H x D)

TriGas alarm

for propane/butane/KO gas

• **Warns about anesthetic gases**
• **Visual and audible indication of operational readiness, calibration phase and alarm**

Fixed connection directly to body battery. Pressure switch. Ready for operation after app. 1 min. With high-sensitivity sensor & app. 80 dB loud siren. The TriGas Alarm checks function of sensor each time it is switched on & automatically calibrates itself to ambient air & temperature. Intelligent electronics carries out following steps every 40 sec. performs calibration check & adjusts it if necessary. TriGas alarm has temp. control & compensates for differences so that detection of dangerous gases also works reliably at temperatures above 25°C. LED display: Green (flashing) = calibration phase, Green (continuous) = everything OK, Red (flashing) = 20 sec. Pre-alarm w/o sound, red (continuous) = alarm + continuous alarm sound (approx. 80 dB)

80247	119,–

Optional additional sensor (not shown)
Placed 10 cm below ceiling)

802470	53,50

AMS Gas Combination Alarm Device Compact

• **Ideal for use in caravans, motorhomes or truck cabs with small volume of space**
• **Warns about liquid gas & anesthetic gas**
• **For detection of propane, butane, methane gases & anesthetic gas (KO gas holdup)**
• **Dangerous anesthetic gases are detected even at lowest concentrations, well before they develop their anesthetic effect**
• **Low power consumption in normal operation of app. 90 mA, 12 V**

Response thresholds:
Butane app. 0.4 % / propane app. 0.5 % / methane app. 0.8 % / anesthetic gas from app. 100 ppm.

Display: LED yellow = start-up phase / LED green = operating display / LED red = (3 x) for alarm message, Acoustic warning signal via electric siren w/ a volume of 85dB (A)
Dim.: W 115 x H 90 x D 30 mm.

Door safe for Ford Transit > 06/'19 (passenger side)

Specially developed for passenger door of Ford Transit from YOC 06/2019. Safe is mounted in door compartment w/ a mounting plate that can be locked and is not visible from the outside. Lid is protected from prying because there are no attachment points. Safe is equipped with a 3-bolt lock with 7 tumblers. External dims: WxHxD 275x70x165 mm, weight: app. 3.5 kg.

471350   272,–

Punch protection plate for Eurochassis door handles Fiat Ducato, Citroën Jumper, Peugeot Boxer >'06

The stab protection plate is mounted between the door handle and the vehicle body. Suitable for driver, passenger door and sliding and rear door. Prevents lock mechanism from being levered open under door handle (e.g. with a screwdriver). Made of robust stainless steel, precisely fitting the contour of the handle shell modeled. Fastening via the mounting holes of recessed grip, no separate holes in the door necessary.

Marten STOP&GO secures your car, house & yard from pesky martens - Over 30 years of defense experience with innovative solutions

Scent Mark Remover Special Cleaning Foam - For Pretreatment

Danger
H222, H229

- Well adherent effect foam
- Simplest handling
- Harmless for electronics, plastic, rubber & paint

Strongly recommended before any marten repellent measure! Removes scent mark of the marten. This means that a risky engine wash can be avoided. When engine is cold, spray entire engine compartment and inside of hood and fenders with entire contents and allow to react briefly. Simply rinse with water.

| **Spray can, 300 ml** | **903945** | **11,90** |

AntiMarten spray Intensive active ingredient - fragrance concentrate*

Danger
H222, H229

- Long-term effect, lasts up to 2 years
- Monthly scale for marking the next re-spraying date

Marten repellent for spraying. Concentrate w/ long-term effect, smells "dangerous enemy" for marten. Spot, regular application to enclosed self-adhesive "scent stores" is sufficient.

| **Spray can, 200 ml** | **9039452** | **20,60** |

2-speaker ultrasound machine

- 2 waterproof piezo speakers
- Ultrasound w/ frequency modulation
- Simplest installation (ready wired)
- On-board power supply, maintenance-free
- Function indicator light, flashing or steady LED
- CAN data bus suitable, E1 marking of the KBA

With 12 V on-board power supply. Frequency-modulated ultrasonic sounds that signal "maximum danger" to marten through animal cries of fear and warning. Avoidance of sound shadows due to two loudspeakers. Ideal for narrow & compactly installed engine compartments. Note: Ultrasound does not penetrate matter. **Technical data:** Radius of radiation: 360°, Angle of radiation: 2 x 160°, Sound pressure: app. 105 dB

| | **9039453** | **124,--** |

STOP&GO Accessories:

Mounting bracket:
- For all STOP&GO marten repellent devices
- Simplified installation of all STOP&GO devices
- Mounting of marten repellent device in Engine compartment w/ only one screw
- Individual alignment of ultrasound
- Mounting material included

| | **9039459** | **10,60** |

High temperature protection hose
- Inner diameter 12,50 mm
- Packed in shipping tube of 4 x 0.50

Universal glass fabric aluflex hose for cables on catalytic converter, lambda probe & soot particle filter. Extremely heat-resistant protective hose, effectively shields heat from up to 800 °C hot radiation sources, w/o internal heat build-up.

| | **9039457** | **36,–** |

Fragrance disc - Intensive active ingredient - fragrance concentrate*

- Effective for at least 6 months
- Tab for expiration date
- Can be stored unopened for app. 3 years
- Without mounting

Attention

Scent disc with long-term effect, smells "dangerous enemy" for the marten. The simple fastening device with practical hook allows individual attachment. Can be used in car, house, garden or carport. Large evaporation surface provides intense release of fragrance. With only one fragrance disc it is possible to protect the entire engine compartment. Effective for at least six months.

Danger: H317, H319

| | **9039451** | **18,50** |

4B battery ultrasonic device

- Operation w/ batteries
- Term up to 24 months
- 2 waterproof piezo speakers
- Super slim design
- Frequency modulation against habituation
- Function control lamp, flashing LED
- Waterproof according to IP65, E1 marking of the KBA

Highly effective ultrasonic device w/ battery operation. Frequency-modulated ultrasonic sounds that signal "maximum danger" to marten through animal cries of fear & warning. No habituation effect.
Independent of on-board power supply due to operation w/ two 3-volt button cells (CR2477), long runtime of app. 24 months per battery set. Ideal for long-term parkers like classic cars, motor homes, exhibition vehicles or for carport. **Technical data:** Radius of radiation: 360°, Angle of radiation: > 170°, Sound pressure: app. 110 dB

| | **9039454** | **87,10** |

High voltage unit with ultrasound - With six PLUS-MINUS CLIP stainless steel contact plates

GEPRÜFTE QUALITÄT GTÜ

- Sensor technology
- 12 Volt connection or battery operation
- 2 waterproof piezo speakers (IP65)
- Frequency modulation against habituation
- Function control lamp, flashing LED
- Stainless steel contact plates in super flat slimline design
- E1 marking of the KBA

Clip fastening option of double-pole stainless steel contact plates facilitates installation & offers even more flexibility, especially for increasingly compact engine compartments. Connection to terminal 15 is omitted due to sensor technology. Thanks to a contact slide attached directly to the unit, the installation of a hood contact switch is also unnecessary.

Technical data: Radius of radiation: 360°, Angle of radiation: > 170°, Sound pressure: app. 110 dB

| 7 PLUS-MINUS CLIP, with 12 V connection | 9039455 | 256,– |
| 8 PLUS-MINUS CLIP, with battery operation | 903946 | 265,– |

* Use biocides safely. Always read label & product information before use.

Protection against martens by ultrasonic sounds

Marten-Free Plus
(12 V power supply)
Effective and permanent protection against marten bites app. 80 dB sound pressure, 12-23 kHz frequency in intervals. With function control LED. 12 V DC, protection class IP 54,
