

BOP Pump Stem KIT 20L - ATF

Part Nr.: BP20X-ALE

The Battery Operated Pump (BOP) ATF model from Macnaught is a useful addition to any workshop for dispensing **Automatic Transmission Fluids**. Developed specifically for use with ATF, the BOP ATF is available to suit most common 20 liter and 60 liter drum sizes. Using the BOP Powerhead, the BOP ATF Pump can readily dispense up to 4.5 liters per minute, making it the best way to dispense ATF in application.

Both BOP20 & BOP60 ATF models come with a 1.5-meter hose connected to an on-demand control nozzle. Both pumps include a unique **red nozzle hook** for easy identification.

*Pump stem kit does not include Powerhead or battery.

Technical Specifications:

- Delivery rate - Up to 4.5L/min at 20°C (68°F)
- Drum size - Nominal 20L
- 1/2" x 1.5m transparent hose

Features & Benefits:

- Compatible with ATF
- Adapters to suit most 20L (5GAL)
- Sealed wetted parts - zero contamination
- Simple single-handed 'on-demand' flow control
- Adjustable Suction Tube
- No more pumping by hand means the BOP alleviates fatigue and other WH&S issues

Package Includes:

- 20L ATF Pump Stem Kit with Control Nozzle
- Instruction manual
