

BOP Pump Stem KIT 20L – Coolant

Part Nr.: BP20X-COA

Description

The Battery Operated Pump (BOP) Coolant model from Macnaught has been developed to dispense coolant. The BOP Coolant Pump Stem is available to suit most common 20 liter drum sizes. Using the BOP Powerhead, the BOP Coolant Pump can readily dispense up to 5.8 liters per minute making it your most valuable coolant applicator.

The BOP20 Coolant Pump Stem kit comes with a 1.5 meter hose connected to an on-demand control nozzle, and includes a **unique green gun hook** for easy identification.

*Pump stem kit does not include Powerhead or battery.

Features & Benefits:

- Compatible with Coolant
- Adapters to suit most 20L containers
- Sealed wetted parts - zero contamination
- Simple single-handed 'on-demand' flow control
- Adjustable Suction Tube
- No more pumping by hand means the BOP alleviates fatigue and other WH&S issues

Package Includes:

- 20L Coolant Pump Stem Kit with Control Nozzle - (BP20X-COA)
- Instruction manual

Recommended use with

- BOP20 Starter Kit (BP20S-OLA)
- BOP Powerhead (BP20S-OLA)
