

BOP Pump Stem KIT 20L - Low-Mid Oils

Part Nr.: BP20X-OLE

Description

Designed and manufactured in Australia, the BOP20 Pump Stem Pack comes with both the modular pump stem and an on-demand control nozzle with a 1.5m hose. Each Pump Stem has an extendable suction tube for different 20L oil drum lengths and complementary bung adapters to suit various drum openings. Multiple pump stems can be used with differing fluids to avoid cross-contamination. To function, the stem is operated by the BOP20 Powerhead (BP20-PH) and is suitable for oils ranging from SAE 0W40 to 75W90.

*Pump stem pack does not include BOP20 Powerhead or battery.

Technical Specifications

- Adapter to suit most 20L drums
- Delivery rate - Up to 3.5L/min
- Drum size - Nominal 20L
- 1/2" x 1.5m transparent hose

Features & Benefits:

- Compatible with low-mid oils (SAE 0W40 to 75W90)
- Adapters to suit most 20L containers
- Sealed wetted parts - zero contamination
- Simple single-handed 'on-demand' flow control
- Adjustable Suction Tube
- No more pumping by hand means the BOP alleviates fatigue and other WH&S issues

Package Includes:

- 20L Low-Mid Oil Pump Stem Kit with Control Nozzle
- Instruction manual
