

BOP Pump Stem KIT 60L - High Viscosity

Part Nr.: BP60X-OHA

Description

Designed and manufactured in Australia, the BOP60 Pump Stem Kit comes with both the modular pump stem and an on-demand control nozzle with a 1.5m hose. Multiple pump stems can be used with different fluids to avoid cross-contamination. To function, the stem is operated by the BOP Powerhead (BP20-PH). The pump includes a unique **yellow nozzle hook** for easy identification.

*Pump stem kit does not include Powerhead or battery.

Technical Specifications

- Lubricant Range - Heavy Oils up to SAE140
- Delivery Rate - Min 2L/min
- Drum size - Nominal 60L
- Adjustable Suction Tube and 1.5m transparent hose
- On-demand flow control
- Priming - Self Priming
- Wetted Components - Nitrile Rubber, Mild Steel, Stainless steel, Nylon, Brass, Polypropylene, Zinc plated steel.

Features & Benefits:

- Lubricant Range - Heavy Oils up to SAE140
- Delivery Rate - Min 2L/min
- Sealed wetted parts - zero contamination
- Pump stem is with Adjustable Suction Tube and 1.5m transparent hose
- Drum Size - Nominal 60 Ltr

Package Includes:

- 60L High Viscosity Pump Stem Kit with Control Nozzle (BP60X-OHA)
- Instruction manual
