

BOP INLINE METER

Macnaught's new BOP Inline Meter has been created to compliment the entire range of Macnaught's Patented BOP (Battery Operated Pump) range.

The BOP Inline Meter can be fitted to existing and new BOP dispense guns to provide accurate volume measurement. The unique swivel fitting allows quick assembly to the BOP dispense gun and allows 360° rotation of the meter for clear visibility and usability. A backlight function is also provided to further enhance this usability.

Available individually or as part of the BOP Starter or Pump Stem kits, this IP 67 rated meter has been developed for accuracy and durability and is powered by a single coin battery located with easy access.

Designed here in Australia, this Inline Meter delivers reliable and accurate readings in both metric and imperial units.

Back Light Function

Four Digit Display

- Resettable batch total
- Resettable accumulative total
- Non resettable accumulative total

Metric and Imperial Units

P/N: IM012EB-01

TECHNICAL SPECIFICATION

Flow Rate up to 10LPM

Operating Temperature -20 Deg C to +70 Deg C

Operating Pressure 20psi (Max 60psi)

Accuracy +/- 2% of Reading

IP Rating IP65

Inlet Connection 1/2" Inlet Connector Supplied

Outlet Connection 1/2" BSP (F)

Power 1 x Cr2450 3V Lithium Coin Battery

PACKAGE INCLUDES

BOP Inline Meter

Fittings

Batteries

Operators Manual
