BP20X-ALE 20L BP60X-ALA60 L

The ATF Battery Operated Pump (BOP) from Macnaught is a useful addition to any workshop for dispensing Automatic Transmission Fluids. Developed specifically for use with ATF chemistry, the BOP ATF is available to suit most common 20L and 60 L container

sizes.

The Macnaught BOP Powerhead fits all BOP Pump Stems - use your existing Macnaught BOP Powerhead to power Oil, Coolant and now ATF Pump Stems.

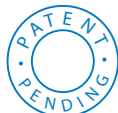

BOP20 & BOP60 ATF stems come with a 1.5 meter hose connected to an easy flow control nozzle. Both pumps include a unique red nozzle hook for easy identification.
