

HO HO HO...
IT'S LUSTOR
TIME

**Air Sentry Guardian
Desiccant Breather**

LUSTOR™

AN ESSENTIAL PART OF A WORLD CLASS LUBE ROOM

A few years ago Lustor™
(Lubrication Storage System)
saw the light. And ever since
a lot has happened. Just let's
refresh your memory and give
a brief overview of the
development process.

**Luster
Wall Mounted System**

The Lustor system is equipped with tanks of **three different sizes: 125 litres, 250 and 500 litres**

All individual units are equipped with the Lubrication Reliability™ compliant basic components.

Enluse B.V. - info@enluse.com - www.enluse.com

**OilSafe
3 liter drum**

Ho ho ho...

Almost forgot our Benjamin

Wall mounted Lustor System

The system has the same great oil management features as our 125, 250 and 500 liter units, except it draws the lubricant directly out of the suppliers barrels.

Enluse B.V. - info@enluse.com - www.enluse.com

OilSafe
10 liter drum + utility lid
+ standard pump

LUSTOR DEVELOPMENTS IN 2018
