

VIPER-HDA HYBRID DVR RANGE

8 AND 16 CHANNEL HYBRID DVRS WITH TVI, AHD AND IP

The Viper HDA hybrid DVRs offer a simple upgrade path from standard definition analogue recording to the higher definition resolutions offered by TVI and AHD video formats.

The HDA DVRs can replace existing standard resolution DVRs and they will record the CVBS formats of current cameras. By using the existing coax cabling and changing the camera to a TVI or AHD format the end user benefits from Full HD 1080P images or higher.

As well as recording HDA cameras the DVRs are true Hybrids and can use IP cameras for up to 25% of their input channels.

The Viper HDA range comes as a 1U high box that can accommodate 2 hard disk drives, allowing up to 16Tb of internal storage. If additional storage is required iSCSI devices can be attached via the network connection.

The Viper HDA range includes a CVBS spot monitor output (does not support IP cameras), alarm inputs and outputs, audio recording and up the coax TVI camera control functions.

Being part of the Viper range they all operate on the same intuitive Graphical User Interface (GUI), VIPER_Central software client and VIPER_Remote apps.

By including the Virtual Matrix Controller (VMC) and using its "WARP" function, multiple HDA DVRs and Viper NVRs can be controlled from this single unit. This makes it ideal for the central control of large systems.

Key Features:

TVI/AHD/CVBS - recording up to full HD resolution

Hybrid IP recording up to 3MP

Up the coax TVI camera control

"WARP" function for multi-device control

SMART and Thumbnail search functions

VKBD4 keyboard compatible

CVBS spot output for analogue cameras

TECHNICAL SPECIFICATION

Model	VIPER-HDA-08	VIPER-HDA-16
Video Input Channel	Up to 8ch (8 BNC, 2 IP configurable)	Up to 16ch (16 BNC, 4 IP configurable)
Looping inputs	No	No
Video Input Type	AHD, TVI, CVBS, IP	AHD, TVI, CVBS, IP
Video Input Resolution	BNC	1080p, 720p, 960H, D1 (CVBS)
	IP	Up to 3M
Display Output	1 VGA, 1 HD Output, 1 BNC (Spot, CVBS) Note: Spot monitor only for analogue cameras	1 VGA, 1 HD Output, 1 BNC (Spot, CVBS) Note: Spot monitor only for analogue cameras
Display Resolution	VGA, HD Output	1920x1080, 1280x720, 1024x768
	Spot	1.0 Vp-p (75 ohm, Composite)
Display Speed	200/240fps	400/480fps
Display Mode	VGA, HD Output	1/4/9 Split, PIP, Sequence
	Spot	1/8 Split, Sequence
Compression	H.264	H.264
Recording Resolution	BNC	1080p, 720p, 960H
	IP	Up to 3M
Recording Speed	Main stream: 200/240fps @ 1080p Sub Stream: 200/240fps @ VGA	Main stream: 200/240fps @ 1080p Sub Stream: 200/240fps @ VGA
Simultaneous Playback	1/4/9 Split	1/4/9/16 Split
Playback Mode	Backward, Forward 2x~64x	Backward, Forward 2x~64x
Search Mode	Time, Event, Thumbnail, Text, Smart(motion)	Time, Event, Thumbnail, Text, Smart(motion)
Internal HDD	2 SATA Interfaces	2 SATA Interfaces
External Storage	iSCSI	iSCSI
Backup	USB, Network	USB, Network
Ethernet	1 RJ45 10/100/1000 Base-T	1 RJ45 10/100/1000 Base-T
Remote Monitoring	VIPER_Central software client, VIPER_Remote iOS and Android apps	VIPER_Central software client, VIPER_Remote iOS and Android apps
Audio	4 RCA Input/1 RCA Output, 1 HD Output	4 RCA Input/1 RCA Output, 1 HD Output
Alarm	4 Input/1 Output (Terminal block)	4 Input/1 Output (Terminal block)
Serial Port	1 RS485 (Terminal block)	1 RS485 (Terminal block)
USB	2 USB (front)	2 USB (front)
Dimension (WxHxD)	378x47x317mm	378x47x317mm
Rackmount	Use shelf - Part code - 0749450	Use shelf - Part code - 0749450
