NEW PRODUCT ANNOUNCEMENT

2 YEAR ADVANCE REPLACEMENT for any Xeno product

XPANHDA180A-6MP

INTRODUCTION

The Xeno XPANHDA180A-6MP is unique in being the first panoramic overview available in High Definition analogue (as opposed to IP). This 6MP cameras give the installer the opportunity to offer their customers a 180 degree wide angle view, utilising three 2MP sensors. This provides complete overview coverage of areas such as car parks or building frontages from a single position.

KEY FEATURES/BENEFITS

- **180 Degree coverage**
- **3 x 2MP sensors (6MP total)**
- **Starlight technology for use in low light environments**

OTHER FEATURES / BENEFITS

- **Up the coax setup from Nitro DVRS**
- **4 x coax outputs – 1 per sensor plus stitched overview**
- **3 motion driven alarm outputs**
