HEAVY DUTY LIGHTING TOWERS

Astrid MINE

6x320W LED | 8.5m

LOW EMISSIONS LIGHTING TOWERS

Astrid MINE 6x320W LED | 8.5m

The Astrid Mine is one of ItalTower's best-selling mobile light towers. This mobile light pole is fully equipped. This light pole is very complete as standard with an Amoss kit, day-night sensor and the option to connect to mains power. Thanks to the compact size, as many as 11 light poles can be placed on a trailer. The Astrid Mine is equipped with automatically adjustable lamps for optimal user comfort.

Events

Long autonomy and a very low noise,

Rental

Easy to use, long autonomy and a low fuel consumption

Build

Durable, robust and developed for intensive use.
