

GREASE EQUIPMENT SOLUTIONS

Proper use of grease equipment is essential for maintaining the health and efficiency of machines and equipment. Without proper lubrication, machinery can wear out faster, experience downtime and require costly repairs.

OILSAFE is the trusted choice for leading companies worldwide, offering a wide range of grease equipment, including grease guns, pumps, meters, fittings, protectors, and custom labeling.

COLOR-CODED STEEL AND CLEAR GREASE GUNS & TUBES

Color-Coded Grease Guns enable accurate identification of a lubricant by providing visibility of the installed cartridge or the grease level if bulk filled.

PISTOL GRIP GREASE GUN

This heavy duty, top of the line grease gun is designed for one handed operation and ideal for use in confined spaces where access to grease fittings is restricted. The pistol grip prevents fingers from pinching and includes a soft rubber handle grip for comfort.

- 3-way packable (suction, cartridge or filler pump)
- Super strong pistol grip handle with soft rubber grip
- Pistol grip design prevents fingers from pinching
- Develops 5000 PSI / 345 BAR
- Provided with both a 4" steel extension and 12" flexible extension

- 330750 – Custom

Available in 10 colors:

Air Breather & Bulk Loader
on all color-coded guns.

LEVER GRIP GREASE GUN

Variable stroke lever action for greater control of delivery – especially in tight working spaces.

This heavy duty, top of the line grease gun is designed for punishing day-in and day-out heavy industrial applications.

- 3-way packable (suction, cartridge or filler pump)
- Have capacity for 14 oz (400gm) cartridges or will fit 500cc bulk filled
- 1/8" NPT threads
- Soft rubber grip for non-slip operation
- Develops 10,000 PSI / 690 BAR
- Provided with both a 6" steel extension and 12" flexible extension.

GREASE GUN ACCESSORIES

Use these innovative, high quality accessories to enhance the usability of OILSAFE Grease Guns.

GREASE GUN LABEL WRAP

In addition to grease guns, Label Wraps can also be used on pipes, auto-lubricators, air breathers, spray cans, barrel pumps and other suitably sized cylindrical objects.

One of the greatest challenges in lubricating with grease guns is identifying what grease is inside the gun. The OILSAFE color-coded grease guns and clear grease guns are an excellent starting point; but when more information is needed the OILSAFE Label Wrap enables secure attachment of a label and protects the label from damage.

The clear and durable Label Wrap uses a OILSAFE Label Pocket to place and provide the first layer of protection for the label. In addition to grease guns, Label Wraps can also be used on pipes, auto-lubricators, air breathers, spray cans, barrel pumps and other suitably sized cylindrical objects.

OILSAFE's Label Wrap is available in two styles. The **Removable** version clamps into place but can be easily removed for reasons such as cleaning the gun or changing the label. The **Bonded** version clamps on and is securely held in place by adhesive strips.

FLEXIBLE GREASE HOSE

Easier access to hard to reach fittings.

Fit flexible hoses to OILSAFE grease guns and allow easier access to fittings that are hard to reach. Available in two lengths. Also consider the heavy duty spring guard for extra rigidity to the coupling end of the hose, allowing added safety and convenience in fitment – particularly effective when working with grease control valves.

May be used on hand operated or air operated grease guns.

WARNING! Never use beyond recommended working pressure.

LENGTH	FITTING SIZE	SPRING GUARD	WORKING PRESSURE	BURST PRESSURE	PART #
Heavy Duty Hose					
12"	1/8" NPT	No	5800 PSI	13775 PSI	331020
18"	1/8" NPT	No	5800 PSI	13775 PSI	331021

PART # 330999

GREASE METER

Maximize bearing life.

SPECIFICATIONS:

Working Pressure:
Max 70 psi - 10,000 psi

Flow:
Max 1000 cm³/min

Measuring Accuracy:
+/-3%

Battery:
2 x 1.5V LR1

Grease Consistency:
Up to NLGI 2

Weight:
0.7 lbs (0.3 kgs)

With this Grease Meter it is possible to grease precisely according to the bearing manufacturer's recommendations. Can be calibrated to ensure accurate measurements.

Fit this grease meter to your OILSAFE Grease Gun and push the button to zero before each application. The result is shown in large (11/32" – 9mm) and clear digits and the meter can be backlit for operation in darker areas.

The meter includes a re-settable total-counting mechanism and will fit with any of the OILSAFE flexible hoses or steel extensions. The meter housing is made of anodized aluminium and has 2 x ISO- R 1/8 female fittings.

BACKLIT

360 DEGREE SWIVEL GREASE COUPLER, 3 JAW CONST. 1/8"

PART # 350125

PART # 331440

GREASE FILLER PUMP

No mess or waste. Get the benefits of buying grease in bulk and prevent contamination with this easy to use Grease Filler Pump.

Quickly, cleanly and easily load OILSAFE and other guns with bulk filler points. The female load adapter on this pump will adapt to both American (0.58") and European Straight (9mm) loader fittings.

Recommended Use:

- For grease up to and including NLGI 2
- Designed for use with 25-50lb / 5 gallon grease pails

WARNING! Never exert undue pressure on the lever handle.

QUICK LOCK COUPLER HIGH PRESSURE 1/8"

PART # 350130

GREASE GUN HOLDERS

Safe storage of grease guns.

Standard Grease Gun Holder

- For use with color-coded 14 oz steel body guns
- Simple snap action clamp mounts on almost any surface

PART #: 331160

Heavy Duty Grease Gun Holder

- For use with ALL OILSAFE Grease Guns
- This heavy duty holder has a strong spring and mechanism that will hold secure in high vibration environments

PART #: 331161

GREASE FITTINGS, ACCESSORIES, FITTINGS & PROTECTORS

High quality grease fittings in a variety of sizes & styles. Identify, protect, maintain and replace grease fittings with this suite of tools & protection products.

GREASE FITTINGS

Available in Packages and Kits

Incorporating the most popular sizes, these Grease Fittings are manufactured to the most stringent quality standards. For added protection against contamination consider using OILSAFE Grease Fitting Protectors.

GREASE FITTING ACCESSORIES

A selection of tools to maintain your grease fittings

4 WAY GREASE TOOL

Handy, dual purpose tool

Remove worn and broken grease fittings as well as re-tapping holes for installing new grease fittings.

Works with both straight and angled fittings and is available in small and large sizes for use on almost all threaded fittings.

- For installing straight grease fittings
- Screw extractor for removing worn & broken grease fittings
- For installing angled grease fittings
- Hardened tap for re tapping holes

ITEM	HEX SIZE	TAP RE THREADS	PART #
4 Way Grease Tool — Small	5/16" (7mm)	1/4" - 28	331401
4 Way Grease Tool — Large	3/8" (9mm) 7/16" (11mm)	1/8" - 27	331400

GREASE FITTING UNBLOCKER PROFESSIONAL PART # 331425

Opens clogged grease fittings and loosens hardened grease joints.

Excellent for maintaining & protecting bearings, control arms, joints, king pins, etc.

Tool has an all steel construction and is designed to be tapped with a hammer to force a light viscosity oil through the tool into the coupler finally into the grease joint, breaking up and removing dirt and debris.

Comes complete with grease coupler for connection onto the grease fitting and hose for hard to reach fittings.

"DRIVE FIT" GREASE FITTING INSTALLERS PART

Specialty tools for installing straight and angled Drive Fit grease fittings into untapped holes.

Heavy duty steel construction with zinc-plated finish.

331410 – Straight

331411 – Angled

GREASE FITTING PROTECTORS

Grease Fitting Protectors save you the cost of equipment failures related to contamination or misapplication.

OILSAFE Grease Fitting Protectors deliver a secure seal over most common grease fittings providing excellent protection against contamination. With 10 colors and space for labels the Grease Fitting Protectors clearly identify what grease is required for the fitting.

These innovative, patented protectors provide a number of benefits over traditional Zerk protectors, including:

- Use as part of the fully integrated, color-coded visual fluid management system
- Available in 10 colors
- Recessed head for label placement
- Innovative design ensures easy removal from Zerk fitting – even when wearing work gloves
- Durable industrial grade materials
- Available in various sizes and in pre-configured kit formats
- Makes grease fittings easy to find; Supplied in bags of 100

CLEAR PROTECTIVE LENS - PART # - 290999

These lenses fit securely into the top of Grease Fitting Protectors and ID Tabs providing a protective barrier above labels.

GREASE GUN CARTRIDGE ACCESSORIES

Preserve the integrity of the grease and avoid damage to grease cartridges, which can cause grease gun malfunctions.

CARTRIDGE PROTECTION TUBE

Protects grease cartridges against damage/weather, preserves the integrity of the grease and avoids damage to grease cartridges that cause grease gun malfunctions.

OILSAFE tubes provide a clean, safe method of transporting cartridges from vehicle or shop to the point of use and enables the safe and clean return of used grease cartridges from the work site or work vehicle for safe and environmentally responsible disposal.

To withstand the toughest conditions, the Cartridge Protection Tube has an in-built label holder and is transparent for quick and easy identification of contents so that you can be sure that the correct grease is inserted into the correct grease gun every time.

Available in 10 colors:

Tubes are supplied standard with a black hanging hook and black Outdoor Paper Content Label.
