## Section 3 - SaaS & Licensee

### 1. Use of SaaS

- a. The Agreement between ICR and Licensee is concluded by clicking on the payment button in the last step of the registration process on the website of <https://routeicr.com>. The Agreement is also concluded when Licensee provides payment details by e-mail.
- b. ICR has the right to refuse a potential Licensee without giving any reason.
- c. Licensee is responsible for the use and security of its account. This is including any users invited by the Licensee (collectively referred to as "Users" within these General Terms and Conditions).
- d. Your account is strictly personal. Please keep your account information and password confidential. You are liable for all actions taken after logging in with your account information.
- e. Without the permission of ICR, Licensee is prohibited from transferring the username(s) and password(s) provided by ICR to third parties.
- f. ICR representatives have access to your account if necessary to provide our services.
- g. We have the right to (temporarily) block an account. We do this if we have reasonable suspicion that your account violates the law or these general terms and conditions and in case of payment arrears.
- h. You can delete your account by sending an e-mail to [support@incontrolrating.com](mailto:support@incontrolrating.com). Terminating your account will in no way terminate or suspend your payment obligations to us.

### 2. Subscription licenses and termination

- a. We offer various subscription licenses for using the SaaS services.
- b. ICR shall be the exclusive owner of all existing and future intellectual property rights, such as copyrights, trademark rights, design rights, patent rights, source code and know-how, which rest on or arise from the System and related software.

- c. All intellectual property rights relating to software, websites, data files, equipment, training, testing and examination materials or other materials such as analyses, designs, documentation, reports, quotations, as well as preparatory material thereof, developed or made available to Licensee under the Agreement, shall remain exclusively with ICR, its licensors or its suppliers.
- d. ICR grants Licensee a non-exclusive, non-transferable, non-pledgeable and non-sublicensable right of use with respect to the System. The right of use commences upon the conclusion of the Agreement and only for the term of the Agreement. Licensee cannot claim the intellectual property rights referred to in Section 3, Article 2b. The obligation to make available by ICR and the right of use of Licensee extend exclusively to the so-called object code of the software. Licensee's right of use does not extend to the source code of the software. The source code of the software and the technical documentation created during the development of the software will not be made available to Licensee, even if Licensee is prepared to pay a financial compensation for this.
- e. The right of use is not transferable. Licensee is not permitted to sell, lease, sublicense or make the right of use available to a third party in any way or for any purpose whatsoever.
- f. Licensee may only use the right of use for its own business activities.
- g. Licensee shall not remove or modify any indication(s) concerning the confidential nature or concerning copyrights, trademarks, trade names or any other intellectual property right from the software, website, data files, equipment or materials.
- h. Licensee shall refrain from modulating, adapting, further developing or reverse engineering the intellectual property.
- i. Users are responsible for ensuring that their use of the SaaS and related services complies with all applicable local, national, and international laws and regulations, including but not limited to laws related to data protection, privacy, and the processing of personal data.
- j. Users must ensure that their collection, use, and processing of data through the SaaS does not violate any legal obligations, including but not limited to the General Data Protection Regulation (GDPR) or other relevant privacy laws applicable in their jurisdiction.

- k. ICR does not monitor the compliance of data processing activities performed by Users and is not liable for any breaches of data protection laws that occur as a result of Users' actions. Users are solely responsible for any legal consequences arising from their data processing activities.
- l. ICR makes every effort to make the Services continuously available, but does not guarantee that the Services are available at all times. We ask you to inform us immediately if the System has a malfunction, such as an error message or a failure of a functionality. You can do this by sending an e-mail to [incident@incontrolrating.com](mailto:incident@incontrolrating.com).
- m. ICR will use its best efforts to perform its Services with care. All ICR Services are performed on the basis of a best efforts obligation.
- n. ICR reserves the right to make changes to the Services and the System. ICR will use reasonable efforts to provide advance notice of changes that limit the core functionality of the Services and the System, unless this is not reasonably or technically possible.
- o. ICR may expand the Services and/or the System with modules that contain new functionalities. Modules that are offered to new users for a fee do not automatically fall within the scope of the Agreement. If Licensee wishes to use these modules, he must make further arrangements with ICR.
- p. ICR is never obliged to restore corrupted or lost data.
- q. ICR is never responsible for making backups of Licensee's data. Licensee is responsible for making proper backups of its own data that is used for setting up and maintaining the Step-by-Step Plan. ICR is never obliged to perform data conversion unless this has been expressly agreed in writing.
- r. When entering into the Agreement, Licensee must provide the correct, current and complete (address) details that are requested from Licensee during the registration process. Licensee must report changes to these (address) details as soon as possible via the ICR back office.
- s. All subscriptions we offer are subject to an initial term of one month. You can cancel your subscription after this term by following article 2.u.
- t. It is not permitted to terminate the Agreement prematurely and reclaim any amounts already paid. After the end of the contract period, it is possible to terminate the Agreement.

- u. The termination of the Agreement must be received by ICR at least 72 hours before the expiration of the contract period. If this is not the case, the current Agreement will be automatically extended. You cancel by sending an email with this request to [support@incontrolrating.com](mailto:support@incontrolrating.com).
- v. If you change your package to another package then an initial contract term of 1 month applies again.
- w. Complaints do not suspend Licensee's payment obligations.
- x. Because ICR uses automatic debit with subscriptions, the Client has the option to reverse a debit. Please note that an unauthorized reversal incurs charges. We charge the administrative costs incurred with a maximum of € 40 excluding VAT per reversal. We therefore ask you not to reverse a debit, but to contact [support@incontrolrating.com](mailto:support@incontrolrating.com) if you disagree with a debit.

### 3. Warranty

- a. Content such as texts on web pages, blogs and newsletters are compiled with the utmost care, but we do not guarantee that they are without errors.
- b. ICR is not liable for errors resulting from incorrect or incomplete information provided by you while answering the questions.
- c. Defects in the security of the information stored by Licensee on ICR's systems and defects resulting from actions by Licensee himself or by other licensees or internet users, as a result of changes in dial-up numbers, login procedures, account and/or e-mail address or other changes, are not covered by the warranty and are at the expense and risk of Licensee.

### 4. Conflict of interest

- a. When you use the software, ICR does not investigate whether there is a potential conflict of interest between you and other clients of ICR. This is also not necessary, as we are not advising you in person, and therefore, we cannot be confronted with conflicting interests.

## **Section 4 - Related services**

  - a. Our professionals are employed by ICR or persons affiliated with us.
  - b. You always give an assignment to ICR and not to an individual professional.

2. Payments

  - b. Payment of the license fee must be made within seven (7) days after the invoice date, if no payment method based on direct transfer is used (iDeal, PayPal, Credit Card, etc.).

  - a shortcoming of external (hosting) providers, data storage or telecommunication services and other suppliers of ICR;
  - interruptions or malfunctions in the power and/or telecommunication facilities;
  - impediments as a result of the hardware and software used by Licensee or the technical infrastructure used by it;

  - problems unforeseen by ICR and any other circumstance that is not exclusively dependent on the will of ICR;
  - general transport problems;
  - epidemic or pandemic;
  - force majeure of suppliers of ICR;
  - government measures.
- b. If the force majeure situation has lasted longer than sixty (60) days, Licensee shall have the right to terminate the Agreement without ICR being liable for any compensation for costs or damages. In that case, what has already been performed under the Agreement shall be settled proportionally, without the parties owing each other anything else.

- c. If ICR is prevented from fulfilling the Agreement due to restrictions or impediments or other forms of force majeure, it shall be entitled to suspend the performance of the Agreement. In that case, Licensee shall not be entitled to compensation for damages, costs or interest.

## 6. Liability

- a. ICR's liability shall in all cases be limited to the total amount charged to you in the previous 3 months by ICR. Certain types of liability however are excluded, such as user-provided errors. Persons affiliated with ICR shall in no event be liable.
- b. Users have seven (7) days to notify ICR in writing once they become aware of an issue. A claim lapses if users don't do so.
- c. Deficiencies in any form in the services of third parties, such as our external (hosting) providers, data storage or telecommunication services and other suppliers of ICR, are not attributable to ICR and ICR is not liable for the damage caused by these deficiencies.
- d. Use of Artificial Intelligence (AI)
  - ICR makes use of artificial intelligence (AI) technologies and algorithms to provide insights, predictions, and recommendations within the SaaS and related services.
  - Any output generated by AI is intended solely as supportive information. ICR cannot guarantee that such results are complete, correct, or error-free. The user remains fully responsible for any decisions taken on the basis of AI-generated output.
  - For the functioning of AI technologies, ICR may process (business) data, whether anonymized or aggregated, and may share such data with carefully selected third-party AI partners. Such processing and sharing will always take place in compliance with applicable laws and regulations, including the General Data Protection Regulation (GDPR).
  - By using the services of ICR, the user explicitly accepts the use of AI as described above, including the potential processing of data by AI partners and the limitation of liability for any errors or inaccuracies resulting from AI output.

## 7. Indemnification

- a. You indemnify ICR against all claims of third parties that are in any way related to the performance of the Services, including possible costs (such as those of legal assistance), unless it is established that the claim is a result of a professional error made by ICR.

## 8. Validity

- a. These General Terms and Conditions apply to all offers and legal relationships of ICR and to all Agreements concluded with ICR whereby ICR supplies Services of whatever nature and under whatever name to Licensee.
- b. The applicability of any purchasing or other conditions of Licensee is expressly rejected.
- c. Licensee enters into this Agreement in its capacity as a business.
- d. Licensee is not entitled to transfer the rights and obligations under the Agreement to a third party, including entities within the group of which Licensee is a part, without the prior written consent of ICR. ICR is entitled to transfer the rights and obligations under the Agreement to third parties. Licensee hereby grants its consent to such a transfer.
- e. ICR is entitled to unilaterally change the content of these General Terms and Conditions. Changes will be announced in writing or by e-mail and will enter into force fourteen (14) days after announcement, or on another date stated in the announcement.

## 9. Privacy

- a. ICR respects the privacy of Licensee. ICR will process Licensee's personal data in accordance with the applicable privacy regulations and with the Privacy Statement that can be viewed on the ICR website.
