

12th International Seaweed Conference EU

Seagriculture

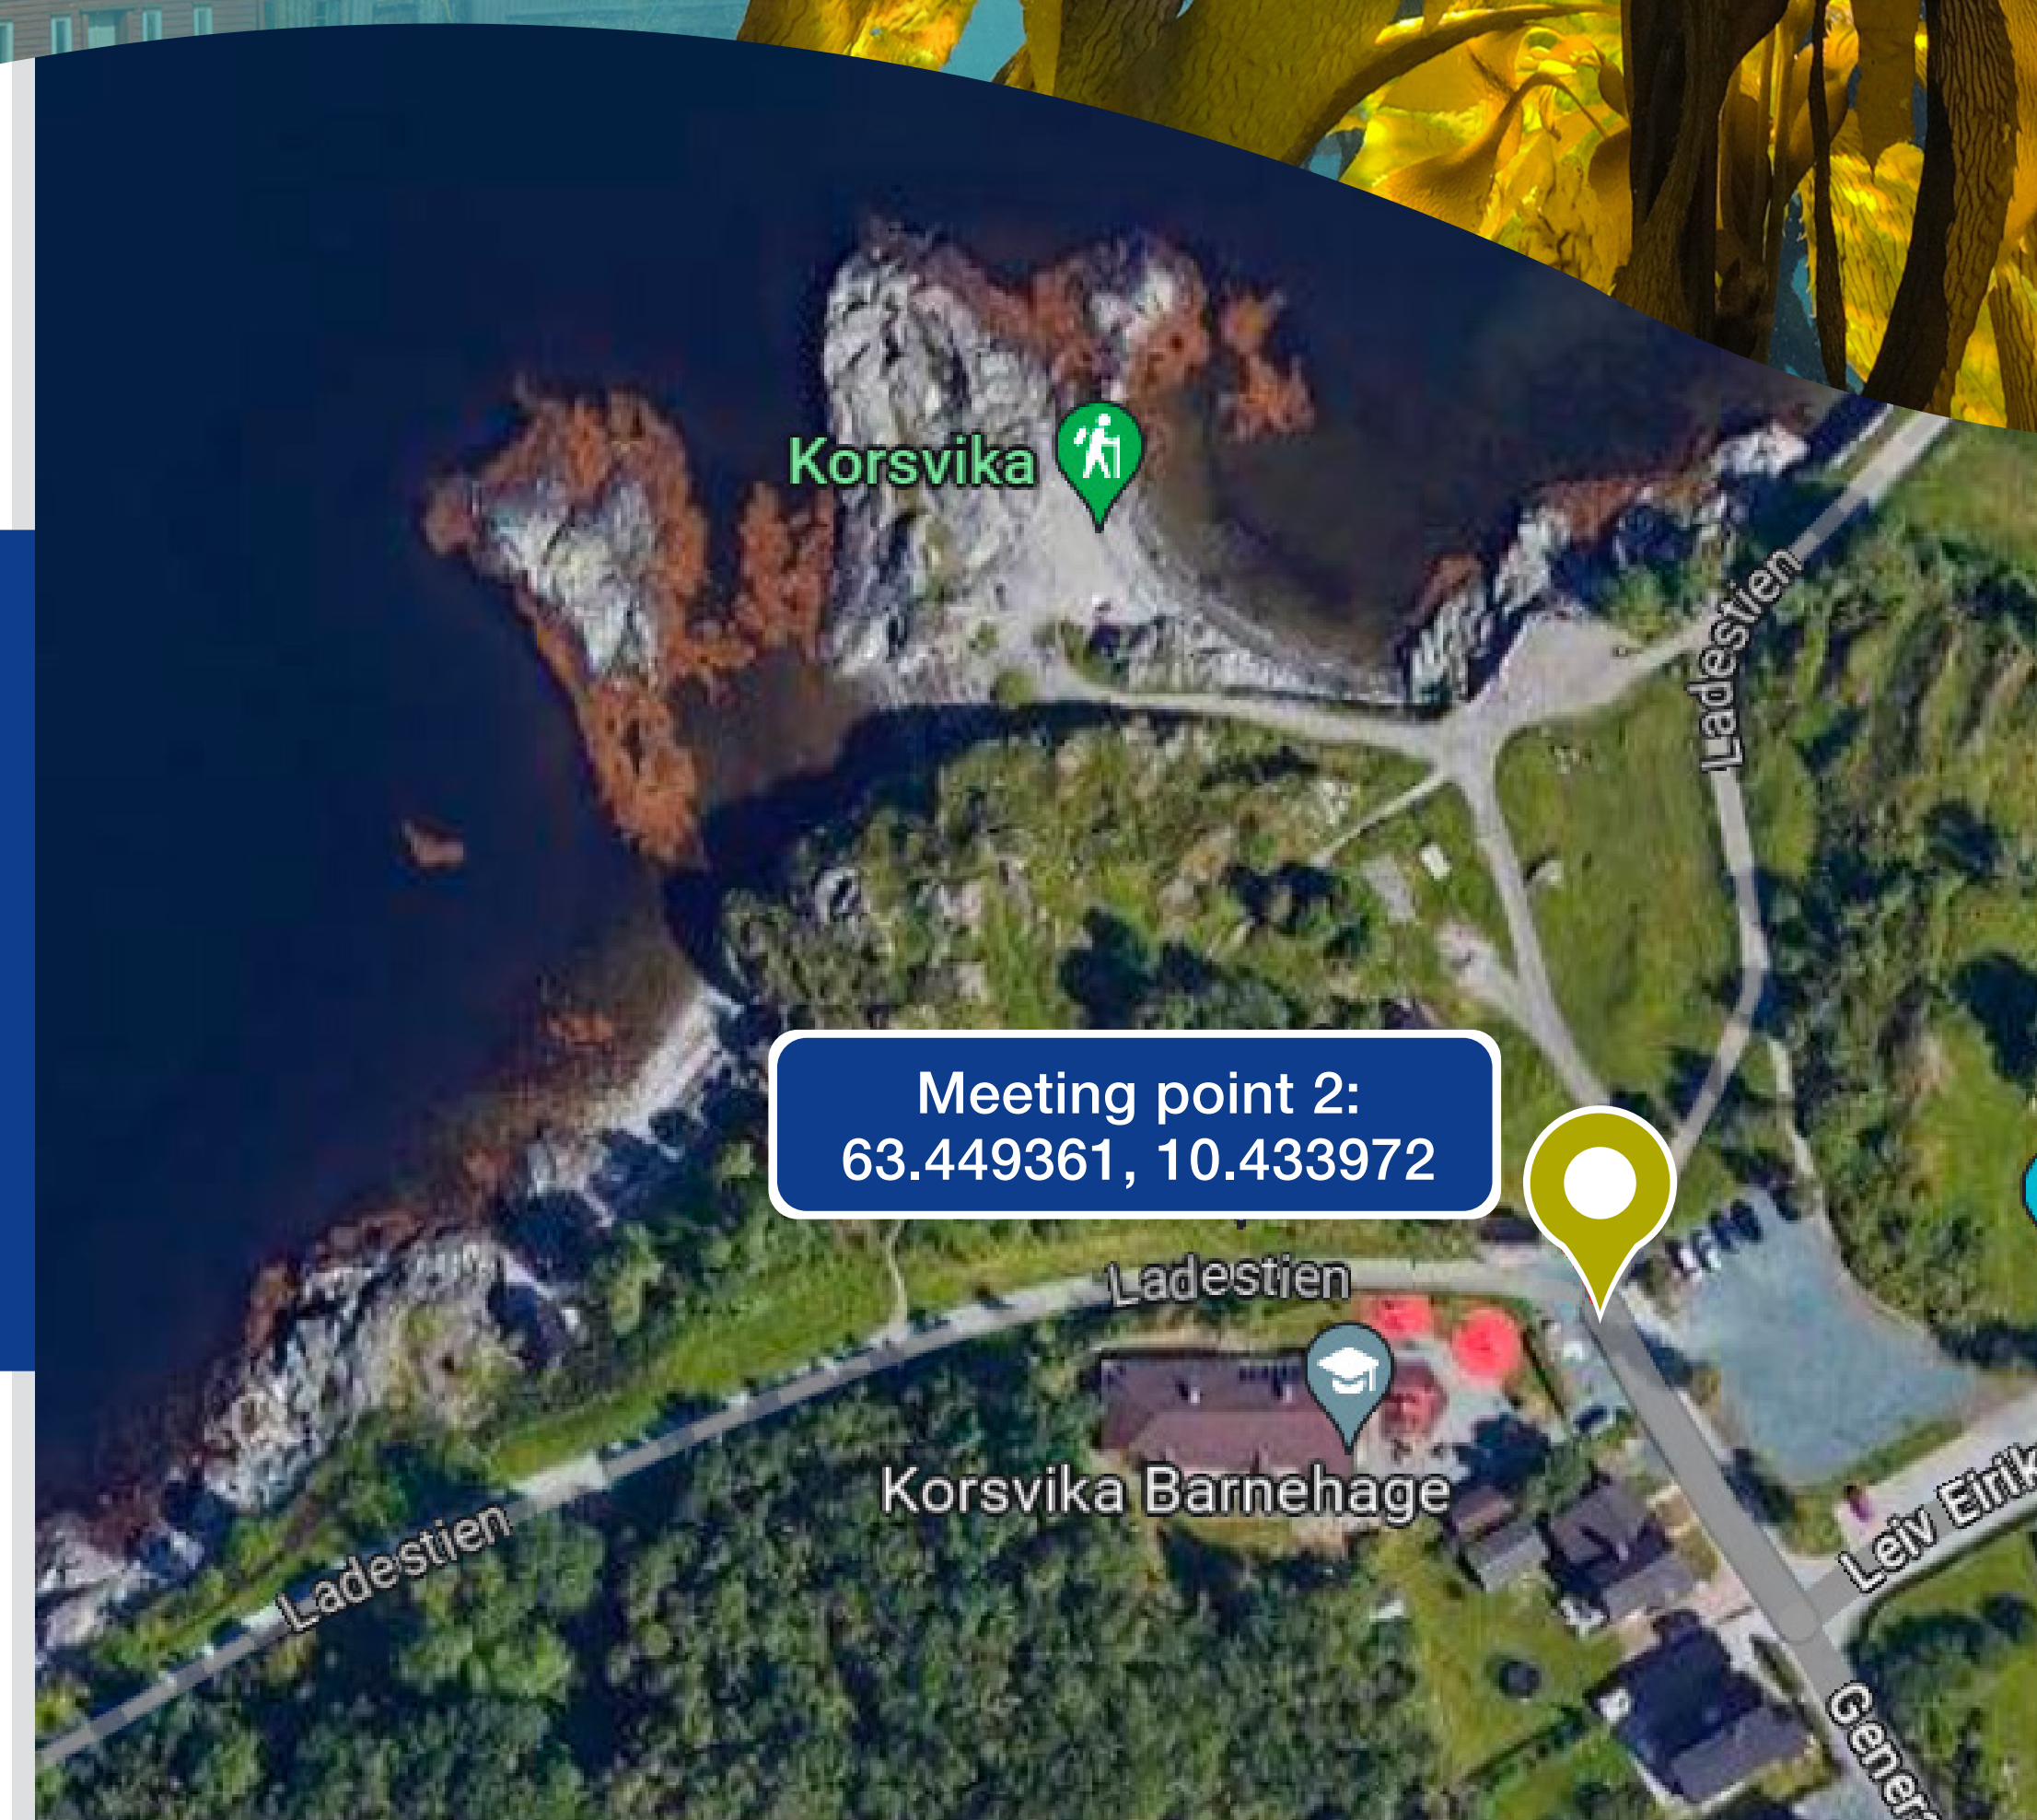

21 - 22 JUNE 2023
TRONDHEIM, NORWAY

WALKING SEAWEED TOUR AT KORSVIKA BEACH

Korsvika Beach is a stunning coastal destination located in Trondheim, Norway. With its clear waters and picturesque surroundings, it's no surprise that it's a popular spot for swimming, sunbathing, and water activities. One of the unique features of Korsvika Beach is the abundance of seaweed that can be found along the shoreline. Take some time to explore the seaweed at Korsvika Beach and enjoy a seaweed tasting.

15:00 – 16:00: An expert will show you the various local species like Ascophyllum, fucus, alaria, saccharina and palmaria and give you some interesting insights.

16:00 – 17:00: Seaweed tasting and networking: you can try crisps and marinated dulse on raw salmon while networking with other conference delegates.

Where do we meet?

OPTION
1

Meet at Meeting point 1 (Verftsbrua) at 14:00

You can join a tour leader from the organizing team in Trondheim city at Verftsbrua (bridge) and walk together with a group of delegates to Korsvika beach.

OPTION
2

Meet at Meeting point 2 (parking area near the beach) at 15:00

You can make your way to Korsvika beach on your own – either by foot, by bus (bus no. 2 or 20, check www.atb.no for details), by car or any other way. You will meet with the rest of the group at meeting point 2 (parking area near the beach) at 15:00.
