

June 2023

Press Release

Seagriculture EU 2024 will unfold in the Faroe Islands with the support of Ocean Rainforest

Seagriculture EU 2024 will take place in Tórshavn, Faroe Islands from 18 – 20 June 2024. Next year's conference promises to be a unique experience including an exclusive site visit to Ocean Rainforest on 18 June 2024. It is the first time the organizers offer such an extraordinary site visit within the Seagriculture conferences.

Seagriculture EU is the largest international seaweed conference and brings together seaweed professionals to exchange knowledge and foster partnerships to collectively advance the seaweed industry and unlock its full potential. More information about Seagriculture EU 2024 at www.seagriculture.eu.

Within the site visit on 18 June, attendees will dive deep into Ocean Rainforest's operations with expert guides by their side and explore the picturesque Faroe Islands. They will get an up-close look at production and the hatchery and enjoy the view of the cultivation sites of Ocean Rainforest from land. Moreover, they will have the chance to embark on a breathtaking boat journey to explore the cultivation site more closely and witness seaweed harvest in operation.

Ocean Rainforest is a pioneering blue growth company located in the Faroe Islands and in California, USA. They offer a collection of seaweed products, mostly for feed, food and cosmetic producers, as well as take part in research projects with a number of different partners. Their inbuilt focus on research and innovation enables them to develop world-class cultivation methods - making them Europe's leading seaweed cultivator and a pioneer in the industry.

Their team shares the same values of passion, teamwork and pioneering, and through a diverse set of skills and years of combined experience, they continue to explore the potential of this versatile sea plant to meet growing market demand. Their purpose is to improve people's wellbeing and to make a unique contribution to our blue planet. They do this by applying science, innovation and expertise, to grow premium quality seaweed for their target customer segments. More information about Ocean Rainforest at www.oceanrainforest.com
