

Building Real Things for Real People

Setting Anchors for a Durable Blue Economy

June 2026

Our Mission

**We train and support
regenerative ocean
farmers**

250 
KELP FARMS
PERMITTED

6,400 
PERMITTED ACRES

56 
SEED NURSERIES

\$2.74M 
DISTRIBUTED IN
GRANTS & SUBSIDIES

Three Critical Shifts

- 1 Supporting individuals → Building regional capacity
- 2 Farmer-only support → Value chain coordination
- 3 Kelp as hero → Kelp as problem-solver

↳ Building regional capacity

Regional Cohort Model

- Tailored to geographic and value chain-specific needs
- Shared resources, infrastructure, and logistics
- Frameworks for organization, collaboration, and cooperation

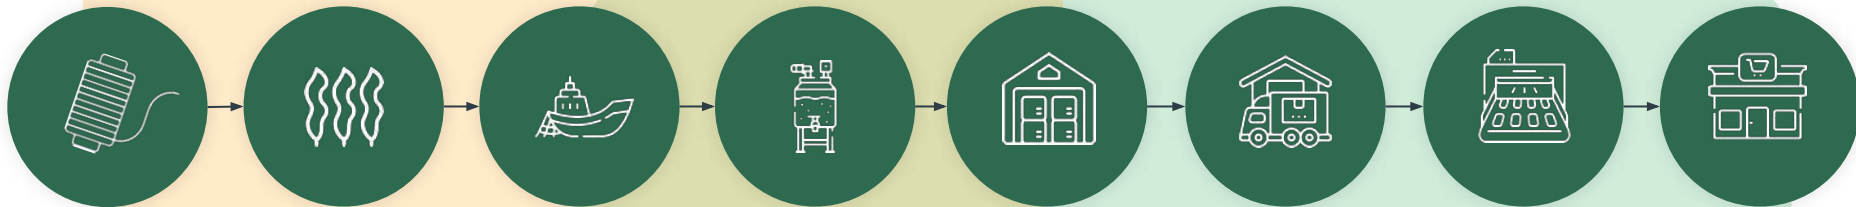

2

Farmer-only support

↳ Value chain coordination

Upstream Value Chain

Downstream Value Chain

Value Chain Development Grant

- Up to \$100k to solve bottlenecks across the value chain
- Requires collaboration between 3+ partners across 2+ roles
- Buyer participation required

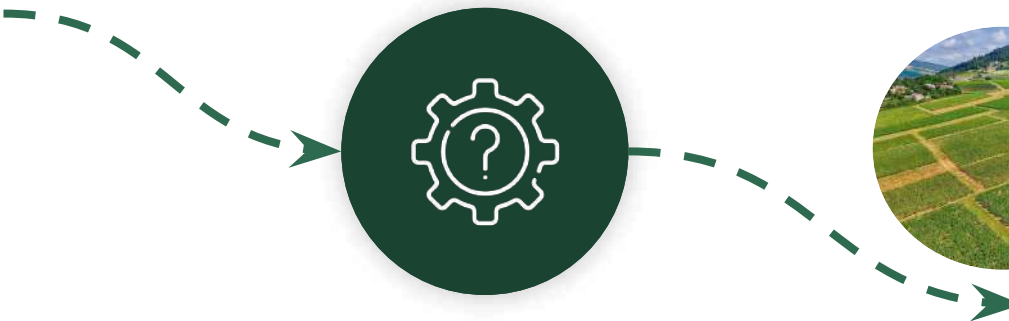

3

Kelp as Hero

↳ Kelp as Problem-Solver

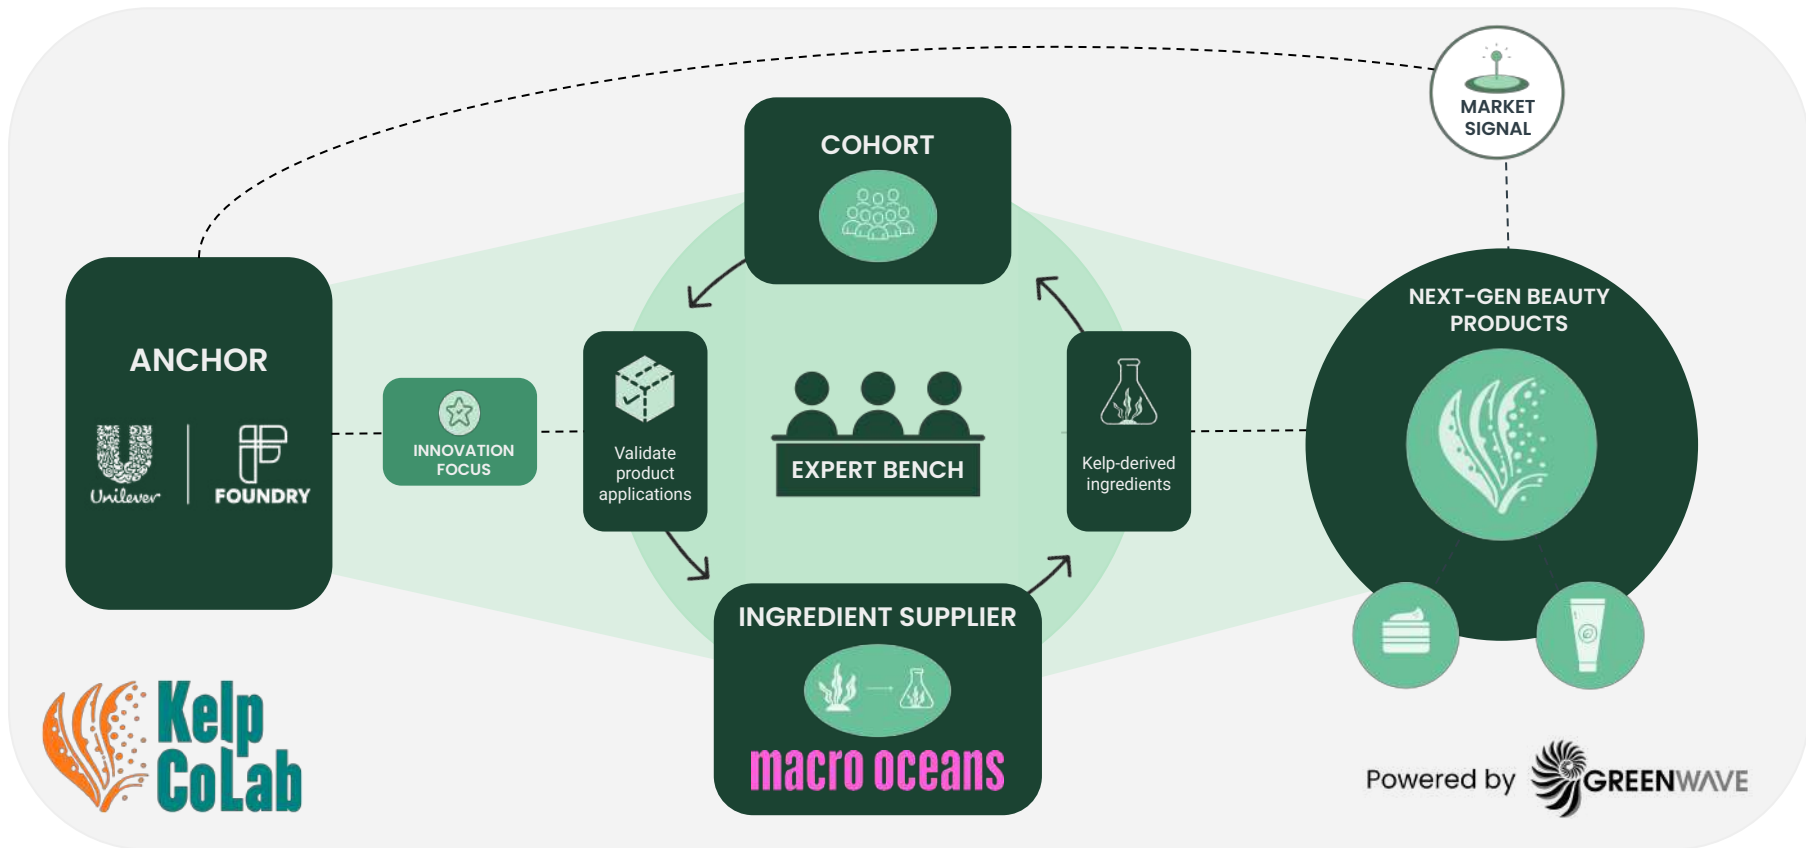

Regenerative Kelp

Products People Want

Kelp Innovation CoLab

Relationships are infrastructure

Thank You!
