10th International Seaweed Conference

15-16 SEPTEMBER 2021

Seagriculture

“Conference Program Seagriculture ONLINE 2021 has been finalized and now available”

The 10th edition of the international Seagriculture conference will be held on 15 & 16 September 2021 in a digital format.

The organisers have already finalized a very comprehensive program which addresses current and trending topics, challenges, innovations and other subjects relevant for the Seaweed industry. The program of Seagriculture features 8 sessions with 22 speakers from 11 countries!

The sessions range from “Investing in sustainable, large scale seaweed cultivation” to “Seaweed's ecosystem services” and from “Onland seaweed farming” to a special night session about “Seaweed activities in the USA/Americas”.

In addition to a great list of speakers the organisers have added new features such as a live cooking session by the Belgian seaweed chef Donald Deschagt, Seagriculture 2021 innovation awards, a virtual tour around the world and finally the first Seagriculture quiz ever! Check out the entire program on <https://seagriculture.eu/program-2021/>

Every year the Seagriculture conference gathers top speakers, who will share their know-how within the seaweed industry on topics related to feed, food, offshore cultivation, biorefinery of seaweed and much more.

The last edition of Seagriculture, which took place online from 24-25 September 2020 welcomed around 150 delegates from 33 countries, the Seagriculture conference is the sector's place to be heard and seen.

The Seagriculture conference is Europe's largest seaweed conference and has built up a solid reputation as one of the most important events within the industry.

Don't miss this unique opportunity to network with colleagues from all over Europe within industry and research and register today on www.seagriculture.eu
